

Your invoice has a new look

but your electricity services remain the same!

At Renfrew Hydro, we're more than just your electricity provider, we're your neighbours.

We know what it's like to be in your shoes, which is why we're always looking for ways to simplify your electricity experience.

We've redesigned our utility bill, to make it easier for you to find important information so you can focus on what matters most.

These changes do not impact the electricity services you have with Renfrew Hydro. We simply updated the look.

If you have any questions, please do not hesitate to contact the office at **613-432-4884**
